**27. Clarification of Tenders**

27.1 During evaluation of the tenders, the Purchaser may, at its discretion, ask the Tenderer for a clarification of its tender. **28. Confidentiality**

28.1 Information relating to the examination, clarification, evaluation, and comparison of tenders, and recommendations for the award of a Contract shall not be disclosed to Tenderers or any other persons not officially concerned with such process until the Notification of Contract award is made to all Tenderers.

**29. Examination of Tenders and Determination of Responsiveness**

29.1 The Purchaser will examine the tenders to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the tenders are generally in order. In the case where a prequalification process has been undertaken for the Contract(s) for which these tender documents have been issued, the Purchaser will ensure that each tender is from a prequalified Tenderer.

29.2 The Purchaser may waive any minor informality, nonconformity, or irregularity in a tender that does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any Tenderer.

29.3 Prior to the detailed evaluation, pursuant to ITT Clause 32, the Purchaser will determine whether each tender is of acceptable quality, is complete, and is substantially responsive to the tender documents. For purposes of this determination, a substantially responsive tender is one that conforms to all the terms, conditions, and specifications of the Tender Documents without material deviations, exceptions, objections, conditionality's or reservations. A material deviation, exception, objection, conditionality or reservation is one:

and

- (iii) The acceptance of which would unfairly affect the competitive position of other Tenderers who have submitted substantially responsive tenders.

29.4 If a tender is not substantially responsive, it will be rejected by the Purchaser and cannot subsequently be made responsive by the Tenderer by correction of the nonconformity. The Purchaser's determination of a tender's responsiveness is to be based on the contents of the tender itself, and any written clarification submitted by the Tenderer in accordance with ITT sub-clause 27.1.

**30. Correction of Errors**

- 32.1 The Purchaser will evaluate and compare the tenders that have been determined to be substantially responsive, pursuant to ITT clause 29.

- 32.4 The Purchaser's evaluation of a tender will take into account one or more of the following factors as specified in the **TDS**, and quantified in ITT sub-clause 32.5:
